Join BCLC for an evening at the Ronald Reagan Building and International Trade Center, where we will be awarding some of the most innovative CSR best practices and programs. BCLC's 2012 Corporate Citizenship Awards honor companies that are tackling some of society's toughest issues both domestically and abroad. Not only will the best of business be in attendance at the Citizens Awards, but join GRAMMY nominated artist Carolyn Malachi for a live performance and video premier of "Free Your Mind." This video is part of the #IAM Campaign, a partnership between The School Fund and Carolyn Malachi with a single mission -- to use music to fund secondary education in developing countries
