

Employee Engagement Provider YourCause Honored with Two More Awards

CARROLLTON, TX, Nov. 13 /CSRwire/ - YourCause, the leading SaaS provider of employee engagement solutions, was recently recognized by Southern Methodist University's Caruth Institute for Entrepreneurship and the Dallas Morning News for growth, internal cultural excellence, and operating performance over the past 12-months. SMU's Caruth Institute ranked YourCause as the 94th most entrepreneurial business within the Dallas Top 100, while the Dallas Morning News placed the company 15 in its 100 Best Places to Work within the Dallas Metroplex – which examines more than 140 area companies. The recognition compliments additional awards received by YourCause in 2015 from other such respected organizations as Inc. Magazine and the Dallas Business Journal.

For the past 25 years, SMU's Caruth Institute has annually ranked the top 100 Dallas entrepreneurial companies based on sales growth and absolute dollar growth over the previous three years. This is the second year that YourCause was honored for building a business that has seen rapid growth in revenue and job creation. This award is solely based on financial records that statistically rank a company's performance.

"It's always an honor to be recognized for our growth, but most importantly, our accomplishments in creating a leading working environment and culture, which is something our entire company puts a lot of time and energy into creating and maintaining," stated Matt Combs, Founder and CEO of YourCause.

This is the first year that YourCause was honored in The Dallas Morning News' Top Workplaces list. Companies recognized as a Best Place to Work are based solely on surveys that are completed by the company's employee population. The surveys measure and evaluate the employees' responses in the areas of company benefits, internal work/life balance, and the company's overall ability to collaborate and innovate at every employee level.

YourCause has received the following recognition in 2015:

#927 on the Inc. 5000 List

#9 on the Fast Tech Award List for 2015

#94 on the Dallas Top 100 List

#11 Best Place to Work 2015 from Dallas Business Journal

#15 Best Place to Work 2015 from The Dallas Morning News
